Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine

amendments are necessary to keep them operationally current. It, therefore:

(1) is not a “significant regulatory action” under Executive Order 12866;

(2) is not a “significant rule” under DOT Regulatory Policies and

Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant

preparation of a regulatory evaluation as the anticipated impact is minimal.

Since this is a routine matter that only affects air traffic procedures an air

navigation, it is certified that this rule, when promulgated, does not have a

significant economic impact on a substantial number of small entities under

the criteria of the Regulatory Flexibility Act.

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with

FAA Order JO 1050.1F, “Environmental Impacts: Policies and
